THE HOMESTEAD.

An Act to lay off the Homestead and Personal Property Exemption.

The General Assembly of North Carolina do enact, as follows:

SECTION 1. *Homestead, when and how exempted*—Whenever the real estate of any resident in this State shall be levied on by virtue of any execution, or any other final process, obtained on any debt, such portion thereof as may be occupied by the owner as an actual homestead, and which he may then elect to regard as such, including the dwelling and buildings thereon, shall be exempt from such levy, except under execution or other final process issued for the collection of a debt contracted

1. For the purchase of said homestead.

2. For such work and labor done for the owner of the homestead, as may constitute a laborer's lein.

3. For such labor done on the premises as may constitute a mechanics' lien.

4. For taxes accruing on said homestead.

SEC. 2. *Sheriff to summon appraisers.*—Before levying upon any homestead thus owned and occupied, the sheriff or other officer charged with such levy shall summon three discreet persons, qualified to act as jurors, to whom he shall administer the following oath: "I, A B, do solemnly swear [or affirm] that I have no interest, near, or remote, in the homestead exemption of C D, and that I will faithfully perform the duties of appraiser [or assessor, as the case may be,] in valuing and laying off the same. So help me God"

SEC. 3. *Duty of Appraisers*—The said appraisers shall thereupon proceed to value the homestead, with its dwelling and buildings thereon, and lay off to said owner such portion as he may select, or any agent, attorney, or other person, in his behalf, not exceeding in value one thousand dollars, and to fix and describe the same by metes and bounds.

SEC 4. *Appraisers to make Return.*—They shall then make and sign in the presence of the officer, a return of their proceedings, setting forth the property exempted, which shall be returned by the officer to the clerk of the court for the county in which the homestead is situated, and filed with the judgment roll in the action, and a minute of the same entered on the judgment docket.

SEC 5. *The levy to be made on excess*—The levy may be made upon the excess of the homestead, not laid off according to the provisions of this act, and that the officer shall make substantially the following return upon the execution: "A B, C D and E F, summoned and qualified as appraiser or assessor (as the case may be), who set off to X Y the homestead exempt by law. The levy is made upon the excess."

SEC. 6. *Appraisers to elect*—In case no election is made by the owner, his agent or attorney, or any one acting in his behalf, the homestead to be laid off as exempt, the appraisers shall make such election for him, including always the dwelling and buildings used therewith.

SEC. 7. That whenever any resident of this State may desire to take the benefit of the homestead and personal property exemption as guaranteed by article X of the Constitution of this State, such resident (or his agent or attorney) shall apply to any Justice of the Peace of the county in which he resides, and said Justice of the Peace shall appoint as assessors three disinterested persons qualified to act as jurors residing in said county, who shall, on notice by the said justice, meet at the applicant's residence, and after taking the oath prescribed in section two of this act for appraisers before some official authorized to administer an oath, lay off and allot to the applicant a homestead, with metes and bounds according to the applicant's direction, not to exceed one thousand dollars in value, and make and sign a descriptive account of the same and return it to the office of the Register of Deeds.

SEC. 8. That said assessors shall set apart the personal property of said applicant, to be by him selected, articles of personalty not exceeding in value the sum of five hundred dollars, and make and sign a descriptive list thereof, and return the same to the Register of Deeds.

SEC. 9. That it shall be the duty of the Register of Deeds to endorse on each of said returns the date when received for registration, and to cause the same to be registered without unnecessary delay. The said register shall receive for registering the said returns the same fees that may be allowed him by law for other similar or equivalent services, which fees shall be paid by the said resident applicant, or his agent or attorney, upon the reception of said return by the Register.

SEC. 10. That if any person entitled to the homestead and personal property exemption shall die without having had the same set apart to him, his widow, if he leave one, then his children under the age of twenty-one years, if he leave such, may proceed to have said homestead and personal property exemption laid off to her, him or them, according to provisions of sections seven and eight of this act.

SEC. 11. That when any person entitled to the homestead and personal property exemption, shall file his or her petition before a Justice of the peace, to have the same laid off and set apart under the provisions of sections seven, eight, nine and ten of this act, the said justice shall make advertisement at the court-house door of the county in which the petition is filed, notifying all creditors of said applicant, of the time and place when and where the said petition will be heard; and the same shall not be heard, nor any decree made in the cause in less than six months nor more than twelve, from the day of making advertisement as above required.

SEC. 12. *Appraisal of personal property.*—Whenever the personal property of any resident of this State, shall be levied upon by virtue of any execution or other final process issued for the collection of any debt, and the owner, or any agent, or attorney in his behalf, shall demand that the same, or any part thereof, shall be exempted from sale under such execution, the sheriff or other officer, making such levy, shall summon three appraisers as heretofore provided, who, having been first duly sworn, shall appraise and lay off to the judgment debtor such articles of personal property as he, or other in his behalf select, to the value of one hundred dollars, which articles shall be exempt from said levy.

SEC. 13. *Return of the same.*—Return shall be made of such appraisal and setting off of personal property, in the same manner as is required in section four of this act, upon the laying off of a homestead exemption.

SEC. 14. *Who is to be Appraisers*—The persons summoned to appraise the personal property exemption shall take the same oath and be entitled to the same fees as the appraisers of the homestead, and when both exemptions are claimed by the judgment debtor at the same time.

SEC. 15. *Tracts not contiguous, Included.*—Different tracts or parcel of land not contiguous, may be included in the same homestead, when a homestead of contiguous lands is not of the value of one thousand dollars.

SEC. 16. *Costs, how Charged*—The cost and expenses of appraising and laying off the homestead or personal property exemption, when the same is made under execution, shall be charged and included in the officer's bill of fees upon such execution or other final process; and when made upon the petition of the owner they shall be paid by such owner and the latter cost shall be a lien on said homestead.

SEC. 17. *Liability of Officer.*—Any officer making a levy, who shall refuse or neglect to summon and qualify appraisers as heretofore provided for or who shall fail to make due return of their proceedings, or who shall levy upon the homestead set off by said appraisers or assessors (as the case may be) except as herein provided, shall be liable to indictment for a misdemeanor, and he and his sureties shall be liable to the owner of said homestead for all costs and damages in a civil action.

SEC. 18. *Liability of Appraiser.*—Any officer or appraiser or assessor (as the case may be) who shall willfully be guilty of conspire with any judgment debtor, or other appraiser, or assessor (as the case may be) to undervalue the homestead or personal property exemption of such debtor, or shall assign false metes and bounds, or make or procure to be made a false and fraudulent return thereof, shall be liable to indictment for a misdemeanor, and shall be answerable to the judgment creditor for all costs and damage in a civil action.

SEC. 19. Any officer or appraiser or assessor who shall willfully or corruptly conspire with any judgment creditor, or other appraiser, or assessor, to overvalue the homestead or personal property exemption of any debtor or applicant, or shall assign false metes and boundaries, or make, or procure to be made false and fraudulent return thereof, shall be liable to indictment for a misdemeanor and shall be answerable to the party injured for all costs and damage in a civil action.

SEC. 20. *Judgment creditor dissatisfied.*—If the judgment creditor for whom the levy is made, or judgment debtor, or person entitled to homestead exemption, shall be dissatisfied with the valuation and allotment of the appraisers or assessors (as the case may be), he may, within ten days thereafter, or any other judgment creditor, within six months, and before sale under execution of the excess, notify the clerk of the township thereof, and file with him a transcript of the return of the appraisers or assessors, as the case may be, and thereupon the clerk shall notify the other trustees of the township to meet him at a time specified, within ten days, on the premises, to reassess and allot said homestead. At the time specified the trustees shall meet on the premises and having first taken the oath prescribed for appraisers they shall view and examine the homestead laid off, and make their report as required in section 24 of this act.

SEC. 21. *Who disqualified to act as Appraisers.*—If any trustee, or any person summoned as an appraiser, shall be related by blood or marriage, to the debtor, or judgment creditor, or shall be a party in interest, in any action against the former, he shall be disqualified to serve in the valuation of the homestead or personal property exemptions, and another person qualified to act as juror shall be summoned and qualified in his place.

SEC. 22. When the homestead or personal property exemptions is made or reallotted on the petition of the person entitled thereto the township trustees shall make their report as required in section 20 of this act, to the register of deeds, specifying what changes, if any, they have made in the former valuation and allotment, who shall register the same, as required in section 9, and when said homestead and personal property exemption is made, or reallotted, under execution by a judgment creditor, the township trustees shall make said return to the clerk of the Superior Court, who shall file the same and make a minute thereof on the judgment roll and the execution docket.

SEC. 23. *Cost of re-assessment how Paid*—If the board of trustees shall confirm the former appraisal, or shall increase the exemption allowed the judgment debtor, the cost shall stand only upon the excess remaining, and the judgment creditors shall pay all costs of the re-allotment. If they reduce the amount allowed the judgment debtor, the cost shall follow the execution and the levy shall cover the excess then remaining.

SEC. 24. *How Vacated.*—Any appraisal or allotment by the trustees of a township may be set aside, on application of any party interested, for fraud, complicity or other irregularity. The proceedings shall be upon petition, as in other special proceedings, and the applicant shall give bond to the opposing party for costs and damages.

SEC. 25. *Fees.*—The following fees and no other shall be charged in this proceeding: Each appraiser for laying off homestead or personal property exemptions, or both, one dollar; officer for summoning and qualifying appraisers and delivering returns to clerk, one dollar, clerk of Superior Court, for filing return and entering minute on execution docket, 25 cents; for making transcript for township clerk when required to do so, 50 cents; township clerk for summoning trustees, 50 cents; township clerk for transmitting return, 25 cents.

THE RECONSTRUCTED FARMER.—The new candidate for public patronage is to hand. It is handsomely published at Tarboro', N. C., by Messrs J. R. Thigpen and John L. Dancy. Price $1. Rev. Dr. Chesire has charge of the Horticultural Department. We wish those in charge of it abundant success.

ANOTHER WASHBURNE IN THE FIELD.—The name of Peter T. Washburne is proposed as a candidate for Governor of Vermont. What an interminable family those Washburnes are!

The Church Journal has an article recommending to the Episcopal Church as an especial religious work, attention to its literature. It insinuates that the literature of that time-honered institution is more meagre than that of other religious denominations. A pretty sharp hit to the pride of the Episcopal Church for letting such an instrument of power fall into neglect.

LANCASTER COURT.—The *Ledger* says Judge Thomas has countermanded the order, published in its last issue, suspending the June Term of the Court for that county. The June Term will be held at the regular time fixed by law, which is the first Monday in June.

VALIDITY OF AN ILLINOIS DIVORCE—A curious case, involving the validity of the Illinois divorce laws, was before the New York Supreme Court, general term, lately. The plaintiff, a Mrs. Kinnier, alleges that she obtained a divorce from her husband, a Mr. Pomeroy, by collusion, and while both parties were residents of Massachusetts. She then married a second time, and she now seeks a divorce from husband No. 2, on the ground that the first divorce was invalid, and that she is still the lawful wife of Pomeroy. The court gave judgment for the defendant, holding that the divorce was valid, both parties having submitted to the judgment of the Illinois tribunal.

RESTITUTION DEMANDED IN A VERY SUDDEN MANNER.—A few days ago Captain Harrison, the agent of the Freedmen's Bureau, at Scottsville, called to Charlottesville by business, was dining at one of the hotels in that town. A young lady, one of the heroines of the war, whose name we omit, having scrutinized the Captain a moment, arose from her seat deliberately, and approached him with the tread of a woman who was not afraid—who knew her honest rights, and dared maintain them."

Said the lady, with a stamp of her beautiful foot, which subdued the Yankee Captain at once:

"Is this Captain Harrison, of the Yankee army?"

The Captain stamered out that it was—"Yes."

"Well, sir, you have a watch and chain on your person that belong to me. You took them from me during the war by force, by threats and violence. Now I what them back again."

With these bold remarks, she accompanied the same with a dexterous movment of her hands, and the gold watch and chain, valued at $100, was removed from the bosom of the Captain and transferred to the possession of the rightful female owner.

The vanquished Captain bowed, retired from the table, and left the hotel and the city of Charlottesville.

DON PIATT TELLS TO CONSOLE POOR MEN.—To make money, to make great heaps of money in the ordinary way of business, brain is in the way. We note the fact, as a rule, that the more successful are the more stupid. To gather up the world's goods, one must have instinct, not sense. To have few mental wants, no refined tastes, and great greed, are the requisites for your rich man. His happiness must consist in his mere accumulation. A man makes a fortune as a hog gathers up a bed before a raw, bleak, unfelt wind—from instinct. Not that an intellectual man may shut down on his refined tastes, and, thro' a mental process, discover the road to affluence. The goose flies a thousand miles north or south on a straight line, from instinct. A man invents the compass and accomplishes the same result.—*New York letter—Cincinnati Commercial.*

Appearing Rich.

Without any disposition to depreciate American women, for whom we have the predilection natural to one of their own country, and believe to be the best looking and the worst behaved of their sex, we feel constrained to note their defects when we can detect them: and thus at this moment recognizing, as we think, a prevailing fault, we proceed to pillory it.

The desire to make a good appearance is more especially an American characteristic. This is not essentially a bad quality, but, on the contrary, is, when kept in due subordination, and justified by possession of the reality of which the form is assumed, a useful, if not the highest, motive of conduct. After the first great impulse to work—the necessity of satisfying the natural wants of food and shelter—the next most powerful incentive to industry among the mass of mankind is the desire of making a good appearance. There is a great deal of hard labor performed for no other reason than to secure a suit of Sunday clothes; and much of this country's enrichment may be justly traced to the ambition of Patrick to have a whole coat to his back, and of Bridget to rustle in silk, once a week at least.

The desire of appearing well in the eyes of our neighbors, wearing fine clothes, living in fine houses, and being otherwise able to make the demonstration of prosperity essential to social recognition, is doubtless one of chief inducements to work. There might be a few, from an innate sordidness of nature, to plod on and heap up riches; but the general enterprise would surely be greatly diminished if it were not for the almost universal desire to make a show of its results.

This eagerness to vindicate our claims to success by outward manifestations, while it has its good, has also a bad side. It becomes often impatient of the naturally slow means by which the real is alone attainable, and induces a resort to the specious. We thus have the shadow instead of the substance, and life becomes a phantasm of shame and deceits. There is nothing more fatal to candor and honesty, without which there can neither be good taste nor sound morals. All the deformities of what we term art, our emblazoned canvas, toyish stationery, and unreal architecture with its make-believe cornices of tin and columns of wood, are the visible results. The effect upon manners and character is very much the same. For substantial hospitality, which is necessarily a private virtue, there is substituted publicity of showy banquets and parties; and men and women seek no longer the intimate appreciation of a few friends by the practice of solid virtues, but the superficial notices of the crowd by a display of ostentatious qualties.

It has been said that an American never gives as a reason for not doing a thing that he cannot afford it. This would imply that our countrymen and countrywomen always strive to appear richer than they are. Such a denunciation is too sweeping to be true; but there is no doubt that we are not only less often compelled to resort to economy, but also more indisposed to acknowledge it when we are than most other people. This fondness for appearing rich is the natural result of American aspiration. We must, in this country, either have or be supposed to have success, and thus, when we have not the reality, we strive to conceal the fact by a display of its symbols.

It may be doubted whether absolute want, so common a cause of female ruin in older countries, is often so in this fortunate land of abundance. The desire to show, which among women takes the direction of display in personal apparel, is believed to be the most frequent impelling motive in the United States of their degradation. It is not that they may be richly dressed, that these creatures, intoxicated by vanity, enslave themselves to vice.

Believing it to be the fruitful cause of much of the prevailing perversity of taste and corruption of morals, and moreover, emphatically an American defect, we denounce the desire of those who are not so, of appearing rich.—*Harper's Bazar.*

A CURIOUS STORY.—Michigan papers state that a young man named George Denslow, living at Rome Centre, in that State, dreamed that on the night of March 13 that he was deaf and dumb, and on awaking was horrified to find that he could neither speak nor hear. From that time till the 4th of May, fifty-three days, he remained totally deaf and dumb. On the evening of that day, while returning from the field where he had been at work, an odd feeling came over him and he was obliged to lean against the fence for support.—Presently he heard a bird sing, and he found also that his voice had returned to him. During this suspension of voice and hearing he had enjoyed uncommonly good health.

THE LAST OF THE NAPOLEONIC BRIDES.—A French paper says that the widow of Phillippe Jacques Wilhelm, late of the 88th Regiment of the Line, and shoemaker, has just died at Strasbourg, at the ripe old age of 84. When Napoleon I. married the Archduchess Maria Louisa, he issued a decree, in his own military and absolute fashion: 6,000 soldiers who had earned half pay should be married to girls in their respective communes, and he fixed the dowry of the young ladies at 1,200 francs in Paris, and 600f. e'sewhere. At Strasbourg ten of these marriages took place. All the authorities of the town were present; the newly-married couples were invited to the theatre, and gloves, bouquets and carriages were furnished by the municipality. In the evening there was a banquet, at which the Emperor and his new Austrian wife were toasted. Of the ten girls married on April 28, 1819, widow Wilhelm was the last survivor. Napoleon had a wonderful taste for making marriages, and at one time he conceived the idea of taking every heiress in the country for his most distinguished officers, which would have been an economical way of recompensing gallantry.

BAUBLES.—I am as fond of baubles as ever, and am so far from being ashamed of it, that it is a taste I endeavor to keep up with all the art I am mistress of. I should have despised them at twenty for the same reason that I would not eat tarts or cheese cakes at twelve years old, as being too childish for one capable of more solid pleasure. I now know (and, alas! have long known) that all the things in this world are almost equally trifling, and our most serious projects have scarce more foundation than those edifices that your little ones raise in cards.—*Lady Mary Wortley Montague.*

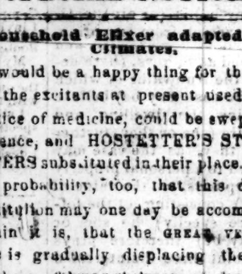
THE LARGEST BIBLE IN THE WORLD. The London *Athenæum* says:

"The late Mr. John Gray Bell, of Manchester, an untiring print collector and book hunter, devoted many years to the illustration of the Bible by inserting in Macklin's folio edition above a thousand orginal drawings and photogaphs, and nearly ten thousand engravings, with 360 specimen leaves of old and rare editions of the Bible. The result was sixty-three handsomely bound folio volumes with double the number of illustrations contained in the famous Bowyer Bible of forty-five volumes. This big Bible is now on sale."

SPECIAL NOTICES.

A Household Elixer adapted to all Climates.

It would be a happy thing for the world if all the excitants at present used in the practice of medicine, could be swept out of existance, and HOSTETTER'S STOMACH BITTERS substituted in their place. There is a probability, too, that this desirable substitution may one day be accomplished Certain it is, that the GREAT VEGETABLE TONIC is gradually displacing them, and that the confidence of the people in its sanitary and saving properties, increases with every passing year. "Figures that cannot lie," show this to be the fact. No medicinal preparation enjoys the like popularity among all classes and conditions, in every section of the country. As an appetizer, a general invigorant, a remedy for indigestion, a cure for intermittent and remittent fevers, a gentle cathartic, a specific for flatulency and sour stomach, a gentle diuretic, a nervine, a blood depurent, a specific for sick headache, a mild anodyne, and, above all as a PROTECTION AGAINST EPIDAMICS, it is unquestionably the STANDARD MEDICINE of the whole United States. In the towns and cities it is literally a HOUSEHOLD STAPLE. Mothers believe in it. They find it a present help in time of trouble,"—a safe and pleasant remedy for the various ailments to which their sex is exclusively subject.—Men believe in it, because it refreshes and invigorates the body and the mind, and tones both without exciting either.



A Family Medicine.

THE PAIN KILLER is a purely vegetable compound; and, while it is a most efficient remedy for pain, it it a perfectly safe medicine, even in the most unskilful hands.—For Summer Complaint, or any other form of bowel disease in children or adults, it is an almost certain cure, and has, without doubt, been more successful in curing the various kinds of Cholera than any other known remedy, or the most skilful physician. In India, Africa and China, where the bowel disease is more or less prevalent, the Pain Killer is considered by the natives, as well as European residents in those climates, *a sure remedy.*

THE PAIN KILLER—We have known the high character of this medicine, and that it is used with great success and satisfaction in our very best families. It is the favorite medicine of our missionaries in heathen lands, where they use it more than all else together, for the diseases that abound in those warm climates. It should be kept in every house, and be in readiness for sudden attacks of sickness.—*Christian Press.*

LUTHERAN FESTIVAL.

We have seldom seen a more attractive sight than that which greeted our eyes last night in Oates' Hall.

For some weeks our community were notified that on last night a Festival would be held by the Evangelical Lutheran Congregation of this city, to raise an amount sufficient to repair their church. Our citizens generously and with great unanimity aided them in their pious undertaking; and so far as decoration and attendance was concerned, we can testify to its being a splendid success. No more tastefully arranged Hall has ever been seen in Charlotte. Such a superabundance too of good things and fancy articles completely astonished us. And the crowd—"young men and maidens, old men and children,"—everybody seemed to be there and everybody seemed to be highly gratified.

We have just been informed that the amount realized by the Festival came fully up to the expectations of the party concerned.

THE FIRE COMPANIES.—Thursday, the 20th, the Fire Companies visited Lincolnton, and all say they spent a most delightful day—all are loud in praise of the beauty of the ladies and the hospitality of the citizens.

D. Schenck, Esq., for the Mayor, welcomed the fire companies, and M. L. Wriston, President of the Hornet's, responded in a happy manner.

It would be invidious to discriminate, in the bestowal of thanks, when *all* the Lincolnton people did so much to add to the pleasure of the occasion. Suffice it say, the dinner was abundant and tempting, the platform for dancing spacious, the music good, the ladies agreeable and facinating, and the people generally kind, attentive and hospitable.

This is all "ye local" can say, just now, but our correspondents will, in our next, touch off the occasion as it deserves.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the eighteenth month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

UNDOUBTED PERMANENCY OF ITS SUCCESS.

NATIONAL LIFE INSURANCE COMPANY.

OF THE
UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL
$1,000,000
PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality, which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is *Undoubtedly able* to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fiddled that he is at a loss where to go or what to do. He cannot comprehend one-half that is written, and concludes that none but Actuaries, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL LIFE INSURANCE COMPANY U. S. A.,

and finds just what he wants.

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money—No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and like thousands of others, cheerfully calls on their Agent to make his application for a policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005 550.00
Total Premiums,	360,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 802

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,260 "
And in its 20th year,	2,842 "

this latter being 690 less than was issued by the NATIONAL in its first seven months.

THE BALTIMORE

PARLOR HEATERS,
COOKING STOVES,

HOT-AIR FURNACES, &c.
S. B. SEXTON'S CELEBRATED
PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves* for *baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

CAUTION!

We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain tobacco manufasturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found upon comparison that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toasted) or Fresh Snuff (Extra Scotch) is desired.
